| Percentage of GB bombs processed to date | COMPLETE |
| Percentage of total agent tons destroyed | 18.23 |
| Number of igloos emptied | 38 |

UMCDF Operations

- Safety is number one at UMCDF: employees have worked 614 days since the last lost-workday accident (Oct. 22, 2004).
- Processed 526 rockets June 26: it was the 14th time the facility safely destroyed 500 or more in one day.
- Surpassed the 85-percent rocket destruction mark, June 26.

Several UMCDF employees participated in the annual Relay for Life at Hermiston High School, June 23-24. Team members raised more than \$11,500 for the American Cancer Society through fundraising events prior to and during the Relay. The event is one of many ways the UMCDF is involved in "giving back" to the community.

*Leading the
Way to a Safer
Future*

The Umatilla Chemical Agent Disposal Facility is safely destroying the stockpile of weapons stored at the Umatilla Chemical Depot while ensuring maximum protection for our workers, our community and our environment.

CREATING A SAFER TOMORROW
